to Committee Parkshore: **See comments in red below.** / Karen

April 26, 2012 update for PARKSHORE

No committee-Parkshore meeting is scheduled at this time.
Thus, below is an update to share information I have received.

1. Per my conversation today with Mrs. Denise Conner, Signature Construction, Mike has had another conversation with Kelly Brock and is picking up 'comments' to the Parkshore plans. Mike will make his revisions this weekend, and submit to Building Dept on Tuesday, May 1.

PLANS AND SPECS HAVE BEEN SUBMITTED TO BUILDING DEPT.

2. On April 6, I sent email to Lisa/EPM Services requesting she obtain for our files copy of required insurance verification for Signature Construction. No confirmation has been received; Karen will follow up again.

EPM HAS CONFIRMED THAT INSURANCE IS ON FILE.

3. Joanne Bertini has communicated again with Brian/Habitat re our very pending schedule for fence removal. **ALL'S WELL**

4. Joanne Bertini is continuing to seek various ground cover for aquatic application. and has secured prices and some suggestions accordingly. **GOOD INFO**

5. Judith Marvaldi is attempting to secure a picture and additional information re an aquatic ground cover she had seen and liked. **PENDING**

6. Judith Marvaldi is still attempting to secure written proposals from our landscape vendor for 1.) irrigation estimates, and 2.) sod purchase and placement.

STILL NOT RECEIVED AT THIS TIME; NEED WORKABLE PRICES ASAP

7. Lois Stalder is following up with Lisa/EPM Services re letters that were to be sent to homeowners who have contracts with the Association for watercraft storage and lockers. It is our belief, this has not been accomplished. A second and third attempt to reach watercraft owners would be via newsletter and sticker.

AWAITING DRAFT OF LETTER & CONFIRMED ADDRESSES

8. Carol Principe, Marcia Lawson, Joanne Bertini, and Lois Stalder are planning to attend Casselberry's EarthFest on Saturday, April 28. They will pick up trees for the project.

(Karen has another Board-related commitment and will not be able to attend).

**FOUR COMMITTEE-MEMBERS ATTENDED;
BROUGHT HOME 6 CYPRESS TREES.**

Trust this update is helpful. / Karen
