

Exciting Times at Northshore Courtyard Villas!

The Board of Directors of the HOA is happy to announce a new project that will enhance the entire community. The “Parkshore” project is a multi-use recreational amenity **to be constructed** in phases. It will enhance the pool area, replace the tennis court with **various** user-friendly **activities**, and provide a park-like setting with a **spectacular** view of the **water**.

We need your help! If you are as excited about this project as we are and would be a positive contribution to this effort, we would like you to be on the “Parkshore” committee. Please **reply by December 20th** to **your** community manager, Lisa Donohue at (407)327-5824 or lisa.donohue@epmservices.com to express your interest.
